Thanks Cary, there is no such resolution on the agenda for Monday. Best,

Dear Cambridge City Councilors,

As Jewish residents of Cambridge, we were concerned to hear about the planned consideration on Monday of a resolution to boycott Hewlett Packard because of their business with Israel. Whether such action against the current Israeli government is intended to be anti-Semitic or not, it can be perceived that way. We urge you to not adopt such a measure without a thoughtful, open process that considers all the complex and subtle aspects of this issue. We would also like to know if there is a planned discussion that we can listen to during one of your open sessions.

Thanks,
